About CathCom <http://www.cathcom.org/> - CathCom is a Catholic Communications Company which was started as an idea in 1997. The first project - which we are still working on - was the online Catholic Directory www.CatholicDirectory.org which was started in 1997 with the idea that it could create a communications network in the Church to help people explore the Church and start their own projects. Since then we have developed IT systems to enable people to roll out and manage projects and from that we have been able to provide support for events, we publish the majority of the Diocesan Newspapers. For the World Youth Day in Madrid in 2011 we published 50,000 newspapers which was the only English publication at the WYD which had articles and pictures from the event itself. You can see the paper at www.worldyouthdaypaper.com As individuals our background has been in youthwork and liturgy. We regularly provide music for events and help support Youth events. We also build IT/finance systems for charities and we publish one-off magazines/books for Dioceses.
